Dear Mr. Secretary – General,

I am pleased to confirm that Dubai Electricity and Water Authority (DEWA) supports the ten principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption. With this communication, we express our intent to implement those principles. We also pledge to participate in and engage with the UN Global Compact to support and advance those principles within our sphere of influence as well as to engage in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals and communicating this commitment to our stakeholders.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the UN Global Compact, and annually thereafter according to the UN Global Compact COP policy.

Yours Sincerely,

Saeed Mohammed AlTayer
