Dear Mr. Secretary-General

I am pleased to confirm that the Chartered Institute of Management Accountants supports the ten principles of the UN Global Compact with respect to human rights, labour, environment, and anti-corruption. With this commitment, we express our intent to advance these principles within our sphere of influence, and will make a clear statement of this commitment to our stakeholders and the general public. Already, as the leading professional institute for chartered management accountants, which rests upon a code of ethics, we produce a range of outputs to support the responsible business agenda and look to further this in the coming years.

We also pledge to take part in the activities of the UN Global Compact where appropriate and feasible – through, for instance, participation in Country/Local Networks; involvement in specialized initiatives and work streams; engagement in partnership projects; and reviewing and providing commentary to participating companies on their Communications on Progress.

Yours sincerely

CHARLES TILLEY
Chief Executive
