Dear Mr. Secretary General,

I am pleased to confirm that Health Poverty Action, formerly known as Health Unlimited, supports the ten principles of the United Nations Global Compact with respect to human rights, labour, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to both our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following ways: through engagement with the UK Global Compact Local Network and also by joining/supporting issue platforms and work streams.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that described our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,
