Unity Letter of Commitment to UN Global Compact

20 October 2010

LETTER OF COMMITMENT

Mr Ban Ki-moon
Secretary-General of the United Nations
United Nations
New York
NY 10017
USA

20 October 2010

Dear Secretary-General,

Re: Unity Participation in the UN Global Compact

I am pleased to confirm that Unity supports the ten principles of the Global Compact with respect to human rights, labour, environment and anti-corruption. Unity is committed to advancing the 10 principles throughout our businesses. We are committed to making the Global Compact and its principles part of the strategy, culture and day to day operations of our company. Unity will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's effort to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the Global Compact, and annually thereafter according to the Global Compact COP policy.

I confirm that this decision had been endorsed by the Board of Directors, as indicated by their signatures below.

Yours sincerely,

Gordon Conroy – Chief Executive Officer
