Dear Mr. Secretary General,

I am pleased to confirm that the Fundación Proacceso, an organization with the mission of reducing the digital divide and providing education in low-income communities in Mexico, supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact by advancing these principles and by making a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way:

- Propose and implement partnerships on corporate sustainability and engage with other stakeholders.
- Support UN Global Compact business participants as they implement and report on their sustainability efforts.
- Engage with Global Compact Local Networks.
- Ally our social mission to the Sustainable Development Goals (SDGs) in order to foster the development of communities in Mexico.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Aleph Molinari Gutiérrez
President
Fundación Proacceso
