Dear Mr. Secretary General,

LM Wind Power supports the ten principles of the UN Global Compact in the fields of human rights, labor, environment and anti-corruption and would like to formally join the initiative.

With this letter, we commit to advancing those principles within our sphere of influence, making Global Compact and its principles part of the strategy, culture and day-to-day operations of our company. We will facilitate partnerships in support of the broader development goals of the United Nations and communicate clearly about it to relevant stakeholders.

We furthermore recognize that the annual communication on progress (COP) is key to continuous participation in the Global Compact and we will submit the first COP, describing LM Wind Power's efforts to implement the ten principles within one year of joining the Global Compact, and annually thereafter in accordance with the Global Compact COP policy.

Best regards
LM Wind Power A/S Group
