Dear Mr. Secretary-General,

I am pleased to confirm that **Banca Cívica** supports the ten principles of the Global Compact with regard to human rights, labour, environment and anti-corruption. With this statement, we would like to express our willing to promote those principles within our sphere of influence.

Banca Cívica is a leader and pioneer in terms of transparency; it is the only single Bank who tells every customer how much the bank is earning with his money. It is also the only Bank that allows his customers to choose where to allocate the 30% of the profit.

We are committed to make the Global Compact and its principles part of our strategy, culture and day-to-day operations of our company, and to engage in collaborative projects which enforce the broader development goals of the United Nations, particularly the Millennium Development Goals. Banca Cívica will make a clear statement of this commitment to our stakeholders and the general public.

We acknowledge that a key requirement to participate in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore joining the Global Compact we are committed to report on progress within *one year*, and *annually* thereafter according to the Global Compact COP policy.

Sincerely yours,
[Signature]
Mr. Enrique Goñi
President
