Dear Mr. Secretary General,

I am pleased to confirm that Seltjarnarnes Municipality supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public. We also pledge to participate in and engage with the UN Global Compact in the following ways:

We wish to create a dedicated sustainability plan that incorporates the ecological, economic, political and cultural dimensions of the region's sustainability. We will encourage businesses and other organizations we interact with to participate in the UN Global Compact. We will support businesses and other stakeholders as they implement sustainability initiatives that benefit the city and greater community. We also wish to join the Global Compact Cities Programme to learn more.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Ásgerður Halldórsdóttir

Mayor of Seltjarnarnes, Iceland.
