Dear Mr. Secretary-General,

With this letter Totalizator Sportowy Sp. z o.o. would like to express company's support for corporate social responsibility and the 10 Global Compact Principles.

Our intention is to promote the Principles within our sphere of influence – both nationally and internationally (the company is a member of two international organizations – 'European Lottery and Toto Association' and 'World Lottery Association'). Totalizator Sportowy has already established a CSR management body within its structures and would like to further promote corporate social responsibility amongst its employees, business partners, customers and other stakeholders. Is it our intention to include the Global Compact Principles both in our already established CSR management strategy and in our internal and external communication.

Totalizator Sportowy recognizes the importance of transparent, coherent and honest communication and so will regularly submit its COP to the Global Compact. Besides that the company has just published its first Sustainable Development and Responsible Gaming Report which provides reliable information about the company. The report was externally verified and in the result reached the B+ application standard according to the Global Reporting Initiative. Our intention is to keep up the highest standards of reporting and to publish a sustainable development report on an annual basis.
