Dear Mr. Secretary-General,

I am the Managing Director of Acre Resources, and I'm pleased to confirm that Acre supports the ten principles of the Global Compact. We intend to advance standards for human rights, labour, environment and anti-corruption within the space that we conduct business and have influence. We intend to imbed the Global Compact principles both strategically and operationally, and will engage in collaborative projects to further the Millennium Development Goals. Acre's commitment will be evident in our stakeholder engagement and publications.

Acre recognises that the Communication on Progress is a key requirement for participation in the Global Compact, and supports accountability and transparency. We therefore commit to report on progress within one year of joining the Global Compact, and annually thereafter.

Sincerely yours,

Mr. Andrew Cartland  
Managing Director
