Dear Mr. Secretary-General,

I am pleased to confirm that the Business School of the Pontificia Universidad Católica Argentina supports the ten principles of the UN Global Compact with respect to human rights, labour, environment, and anti-corruption.

With this commitment, we express our purpose to promote these principles within our sphere of influence, and will make a clear statement of this commitment to our stakeholders and the general public. We commit ourselves to comply with the principles in order to become their ambassador amongst our students, teachers and staff and in our associated firms and organizations.

We also pledge to take part in the activities of the UN Global Compact where appropriate and feasible – through, for instance, participation in the UN PRME, participation in the UN Leaders Summit, participation in the Country/Local Networks; involvement in specialized initiatives such as a Responsible Leadership Program in partnership with firms that intend to follow the principles; and reviewing and providing commentary to participating companies on their Communications on Progress.

Sincerely yours,

Zenón A. Biagosch
