Dear Mr. Secretary-General,

I am pleased to confirm that the Refugee Support Center (Association) supports the ten principles the UN Global Compact with respect to human rights, labor standards, the environment and anti-corruption. We hereby express our intention to advance those principles in our own domain and to express our commitment in this undertaking openly to the public and to our stakeholders.

We are committed to realize our support to the UN Global Compact through the following ways:

- Participation in Global Compact's international and national activities;
- Engagement with Global Compact Local Networks;
- Involvement and/or support issue platforms and workstreams.

We recognize that the key requirement of participation in the UN Global Compact is the submission of a Communication on Engagement (COE), that describes our organization's effort to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency and, therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE Policy.

Sincerely yours,

MDD
