for Supporting 17 SDG's**

January 18th, 2018

H.E. António Guterres  
Secretary-General  
United Nations  
New York, NY 10017  
USA

Dear Mr. Secretary General,

I am pleased to confirm that CANEUS International Organization supports the ten principles of the UN Global Compact with respect to human rights, labour, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

CANEUS mission is synergistic with that of UN Global Compact and we also pledge to participate in and engage with the UN Global Compact in the following way(s):

CANEUS International is a global non-profit organization, with a focused mission to rapidly and cost-effectively transition emerging space technologies to serve the socio-economic needs of the society by bridging the gap between the “haves” and “have-nots”. CANEUS currently serve the socio-economic, safety and security needs of the global community by fostering the coordinated, international development of innovative space technology-based solutions by nurturing the creation of an international collaborative environment aimed at the adoption, adaptation, and accelerated commercialization of innovative space technologies.

Once engaged with the UN Global Compact, CANEUS will continue its mission, broadening its partnerships and increasing its engagement with stakeholders, both business and non-business. Further, CANEUS will transform information and data into knowledge that supports sustainable development and SDG Goals through the SDG Hub and we look forward to enhancing our capability through involvement in Global Compact networks and platform.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization’s efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Best regards,

Milind Pimprikar  
Chairman
