Dear Mr. Secretary General,

I am pleased to confirm that Zara Charity supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anticorruption. With this commitment, we express our intent to support the Global Compact advancing these principles and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact which will give our organization the opportunity to be actively engaged in the world's largest corporate sustainability initiative and align with the UN-baked sustainability corporate framework. Also to improve the corporate and brand reputation, employee engagement, management of corporate sustainability issues and operational efficiencies.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,
