Dear Mr. Secretary - General

Good Hope Meat Hyper provides superior quality fresh Halaal meat to wholesale and retail clients throughout Cape Town.

We believe that the quality of our meat starts with the rigorous screening of abattoirs and suppliers, followed by the hand-selection of fresh meat. Once the meat arrives at our premises, stringent hygiene standards, modern equipment and knowledgeable staff ensure that our customers receive top-quality meat. We achieve consistency through regular quality and hygiene audits.

We abide by all standards and support all principles with our sphere, in order to satisfy our client's requirements.

We also acknowledge that the key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's effort to implement these principles; we commit to report on progress annually on joining the Global Compact.

Yours sincerely

Reaaz Ahmed

CEO, Good Hope Meat Hyper
