Dear Mr. Secretary General,

I am pleased to confirm that Juvenile Business Society Europe e.V. supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following ways:

- To encourage as our public work corporates to join and support the United Nations Global Impact Principles.
- To engage with the global compact local networks, to leverage synergy effects and to support projects and teams.
- To promote the UN Global Compact Ten Principles and educate a variety of audiences about sustainability through our conferences and events.
- If possible, we want to support and/or host UN Global Compact events at our headquarter or organize with other members events in Europe.
- Elaborate partnerships between countries, companies and public sector, support initiatives and contributed to developing resources and tools.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Lorenz Schneidmadel
