Dear Mr. H.E António Guterres,

I am pleased to confirm that the Esther Ajayi Foundation supports the ten principles of the UN Global Compact with respect to human right, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We pledge to participate in and engage with the UN Global Compact in the following ways: Empowering underprivileged people through the zero hunger initiative, elimination of child labour and acting for children's rights and education, empowering women through gender equality, supporting indigenous rights and advocating for peaceful societies on the local and global levels.

We recognise that a key requirement for participation in the Global Compact is the submission of a communication on Engagement (CEO) that describes our organisation's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy

God bless,

Rev. Mother Esther Abimbola Ajayi.
