

February 23, 2018

H.E. António Guterres  
Secretary-General  
United Nations  
New York, NY 10017  
USA

Dear Mr. Secretary-General,

I am pleased to confirm that CVS Health supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption.

With this communication, I am informing you of our commitment, supported by our Board of Directors, to implement the principles, engage in collaborative projects that advance the broader goals of the United Nations, and take action in support of the Sustainable Development Goals. As an organization with a purpose of helping people on their path to better health, we will continue to identify ways through which our business can advance progress on these critical development issues.

CVS Health is committed to operating with integrity, transparency and accountability throughout our enterprise. As part of our annual corporate social responsibility reporting, we will submit a Communication on Progress (COP) that affirms our continued support for the Global Compact, and describes our efforts to implement the ten principles and measurement of outcomes. Our first COP will be issued in the spring of 2019, and we commit to producing a COP annually thereafter in accordance with the Global Compact COP Policy.

Sincerely,

A handwritten signature in black ink, appearing to read "Larry Merlo", with a large, stylized initial "L" and "M".

Larry Merlo
