Dear Mr. Secretary-General,

I am pleased to inform that Tosrifa Industries Limited supports the ten principles of the Global Compact with respect to human rights, labor, environment and anti-corruption.

With this letter, we express our intent to apply and promote those principles within our sphere of influence. We are committed to making the Global Compact and its principles a part of the strategy, culture and day-to-day operations of our company. We hope to engage in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. Tosrifa Industries Limited will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that details our company's efforts to implement the ten principles. We support public accountability and transparency. Therefore, we commit to an annual report on the progress within one year of joining the Global Compact. This includes:

- A statement signed by the chief executive expressing continued support for the Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the global compact.
- A description of practical actions that the company has taken to implement the global compact principles in each of the four issue areas.
- A measurement of outcomes.

Sincerely yours,

Mohim Hassan

CEO, Tosrifa Industries Limited
