Dear Mr. Secretary General,

I am pleased to confirm that OMINA SUMMIT supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this letter, we express our intent to support and implement the Global Compact advancing these principles, in the framework of our strategies and operations in order for OMINA SUMMIT to be a driver for economic, social and environmental wellbeing. Furthermore, we will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage as Civil Society Organization/Non-Governmental Organization with the UN Global Compact in the following way(s):

- Building partnerships for corporate sustainability
- Engaging different stakeholders
- Support UN Global Compact business participants as they implement and report on their sustainability efforts
- Encourage local participation through Global Compact Local Networks and promote women's empowerment.
- Promote job creation and capacity building

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.
