Dear Mr. Secretary-General,

I'm pleased to confirm that Shabeel Services supports the ten principles of the Global Compact with respect to human rights, labour, environment and anti-corruption.

With this correspondence, we express our commitment to advance those principles within our sphere of influence. We commit to make the Global Compact and its principles part of our culture and day to day operations of our company. Shabeel Services will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the Global Compact, and annually thereafter according to the Global Compact COP policy. This includes:

- A statement signed by the chief executive expressing continued support for the Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the Global Compact.
- A description of practical actions that we will take to implement the Global Compact principles in each of the four issue areas (human rights, labour, environment and anti-corruption).
- A measure of the outcomes of our initiatives.

Sincerely yours,

Suleiman Abdullahi Omar
Chief Executive Officer
