Dear Secretary-General,

We are pleased to confirm that All-Ukrainian Union of Public Organizations “Association of Revival of Ukraine” supports 10 Global Compact principles on human rights, labor rights, environmental protection and fighting corruption. We hereby express our intent to support and promote these principles within our sphere of influence. We pledge to make the Global Compact and its principles a part of the strategy, culture and daily operations of the company and engage in joint projects that help to promote the broad goals of UNDP, particularly the Millennium Development Goals. All-Ukrainian Union of Public Organizations “Association of Revival of Ukraine” will inform the public and all the public pressure groups about all this pledges.

We recognize that the basic requirement for participation in the Global Compact is an annual reporting of progress, describing the company's efforts in implementing the ten principles. We support transparency and pledge to make the report after the first year of joining the Global Compact and do it annually under the policy initiative of the UN Global Compact.

Sincerely,
President of AUPO “Association of Revival of Ukraine”

I.A. Gannokha
