Dear Mr. Secretary-General,

Telephone: (01268) 416641.

Unit Export is pleased to confirm they support the Ten Principals of the United Nations Global Compact on human rights, labour, environment and anti-corruption and by way of this communication, we express Unit Export's intent to implement these principals.

Unit Export is committed to making the UN Global Compact and its principals part of the strategy, culture and day-to day operations philosophy of the company and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals.

Whilst Unit Export is not a manufacturing entity, we are BS EN ISO 14001: 2004 certified and have a clear statement of this commitment to our stakeholders and the general public on environmental issues.

We recognise a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the Ten Principals. Unit Export supports public accountability and transparency and therefore commit to report on progress within one year of joining the UN Global Compact, and annually thereafter in accordance with the UN Global Compact COP policy. This includes :-

A statement signed by the Managing Director expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principals. This is separate from our initial letter of commitment to join the UN Global Compact.

A description of practical actions ((i.e. disclosure of any relevant policies, procedures, activities) that the company has taken, or plans to undertake, to implement the UN Global Compact principals in each of the four issue areas of human rights; labour; environment and anti-corruption.

A measurement of outcomes (i.e the degree to which targets/performance indicators were met, or other qualitative measurements of results

Yours sincerely,

Mr. Christopher W. Pearson
Managing Director
