Respect Sir,

Rahnuma Family Planning Association of Pakistan supports the ten principles of the UN Global Compact with respect to human rights, labour, environment and anti-corruption. With this commitment we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following ways. Support Sustainable Development Goals with a special focus on goal 3 and 5 through our activities and annual work plans. Ensure non-discrimination throughout our service delivery networks. Work towards gender equality and inclusion of sexual and gender minorities in all development and social welfare policies and other documents.

We recognize that a key requirement for participation in the Global Compact is the submission of a communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely Yours.

Mr Syed Kamal Shah
