Dear Mr. Secretary-General,

I am pleased to confirm that Jonckers supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption. We are happy and excited to express our intent to implement these principles. We at Jonckers are committed to making the UN Global Compact and its principles part of our strategy, company culture and day-to-day operations, and to engaging in collaborative projects which advance the broader development goals of the UN particularly the Sustainable Development Goals. Jonckers will make a clear, public statement of this commitment to our stakeholders and our clients.

We understand that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the UN Global Compact, and annually thereafter according to the UN Global Compact COP policy. This includes:

- A statement signed by the CEO declaring our continued support for the UN Global Compact and renewing our ongoing commitment to the initiative.
- A description of practical actions (i.e., disclosure of any relevant policies, procedures, activities) that the company has taken (or plans to undertake) to implement the UN Global Compact principles in each of the four issue areas (human rights, labour, environment, anti-corruption).
- A measurement of outcomes (i.e., the degree to which targets/performance indicators were met, or other qualitative or quantitative measurements of results).

Sincerely yours,

Geoffroy Janssens – Jonckers CEO
