Dear Mr. Secretary General,

I am pleased to confirm that Associazione Dianova Onlus supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way. By implementing various local and international practices and initiatives, Dianova can have a significant impact on the implementation of SDGs. In joining global efforts to build a better world for everyone, Dianova has incorporated the language of the 2030 Agenda SDGs into its work. We must emphasize that the 2030 Agenda is holistic and intersectional: all SDGs are interrelated and mutually reinforcing. Through these activities, Dianova is demonstrating its commitment to achieving SDGs.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within *two years* of joining the Global Compact and *every two years* thereafter according to thl Compact COE policy.

Sincerely yours,

Pierangelo Puppo  
President of Associazione Dianova Onlus
