H.E. António Guterres
Secretary General
United Nations
New York, 10017
United States of America

Dear Mr. Secretary General:

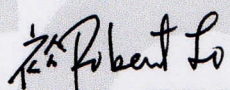

We are pleased to confirm that RDF Feed, Livestock, and Foods, Inc. (RDFFLFI), supports the ten principles of the UN Global Compact with respect to human rights, labor, environment, and anti-corruption.

Furthermore, we express our intent to go forward with these principles within our company. We are committed in making the UN Global Compact and its ten principles as a part of our strategy, culture, and daily operations. In addition, we pledge that we will engage in collaborative projects which will further advance the broader development goals of the United Nations, specifically the Sustainable Development Goals. Our company will make a clear statement of this commitment to our stakeholders, and further educate them in order to have a collective effort as a company in strengthening this commitment to the UN Global Compact and to the general public.

RDFFLFI understands and recognizes that one of the key requirements for participating in the UN Global Compact is the annual submission of a Communication on Progress (COP) which would serve as the heart of our company's commitment to the UN Global Compact as it would contain the company's efforts and plans of actions in implementing the ten principles. We value public accountability and transparency, thus, we are committing to submit a COP within one year of joining the UN Global Compact, and annually. In accordance to the Global Compact COP policy, this would include the following:

- A statement signed by the chief executive expressing continued support for the UN Global Compact, and renewing our ongoing commitment to the initiative and its principles.
- A description of practical actuals that the company has taken or plans to take to implement the ten principles in each of the four areas.
- A measurement of outcomes.

Sincerely,

Robert H. Lo, DVM, ME, FPCPP
President/General Manager
RDF Feed, Livestock, and Foods, Inc.
