Dear Mr. Secretary General,

I am pleased to confirm that BanabaKgware Association supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact by proposing and implementing partnerships on corporate sustainability and engaging with other stakeholders and support UN Global Compact business participants as they implement and report on their sustainability efforts in Botswana. We will also engage with Global Compact Local Networks through advocacy, sensitization and awareness of all 17 Global Goals.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,
