H.E. Antonio Guterres
Secretary-General
United Nations
New York, N.Y. 10017

Dear Mr. Secretary-General,

It is with pride that Concordia International Forwarding Corp. supports the Ten Principles of the United Nations Global Compact on human rights, labor, environment and anti-corruption. By submitting this letter Concordia announces our intent to formalize and grow our efforts supporting those principles as part of our day to day policies and procedures. Concordia is dedicated to implementing the UN Global Compact and its principles as an inherent part of our organization, and to committing to projects in the spirit of advancing the goals of the United Nations. Concordia will make a clear statement of this commitment to our ownership, employees, and the public.

We understand that being a part of the UN Global Compact requires documented due diligence in the form of a Communication on Progress that outlines our implementation of the Ten Principles. This document will be submitted within one year of the start our participation and each year thereafter. I am dedicated to upholding these principles and each report will include a statement signed by myself expressing continued support, an overview of actions that Concordia has undertaken and will implement going forward to support the Ten Principles along with a measure of how successful our efforts have been.

Sincerely,

Paul Emposimato Jr.

President
