H.E. António Guterres  
Secretary-General  
United Nations  
New York, NY 10017  
USA

Dear Mr. Secretary-General,

I am pleased to confirm that Lottery.com supports the Ten Principles of the United Nations Global Compact on human rights, labor, environment and anti-corruption. Lottery.com is a domain leader in taking officially sanctioned games mobile. With this communication, we express our intent to implement those principles within our strategy, culture, and day-to-day operations.

Lottery.com aims to raise significant funds to help solve the most pressing humanitarian needs across the globe using impact raffles, sweepstakes, and other games of chance. Utilizing the experience and technology of the company's mobile lottery platform, the company is revolutionizing legacy fundraising models into a platform capable of raising billions for humanitarian needs. By working with charities and philanthropic organizations around the world, we are forming strong partnerships to realize the United Nation's Sustainable Development Goals.

Lottery.com will make a clear statement of this commitment to our stakeholders and the general public. We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the Ten Principles. By integrating advancements from the block-chain, we commit to a fully accountable and transparent report on our progress within one year of joining the UN Global Compact, and annually thereafter according to the UN Global Compact COP policy. This includes:

- A statement signed by our chief executive annually expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles.
- A description of practical actions (i.e., disclosure of any relevant policies, procedures, activities) that the company has taken (or plans to undertake) to implement the UN Global Compact principles in each of the four issue areas (human rights, labour, environment, anti-corruption).
- A distributed ledger that is accessible, can measure outcomes (i.e., the degree to which targets/performance indicators were met), and communicate impact.

Sincerely yours,

A handwritten signature in black ink, appearing to read "Tony DiMatteo". The signature is fluid and cursive, with a large loop at the end.

Mr. Tony DiMatteo  
Chief Executive Officer and Co-Founder
