I am pleased to confirm that Diversey supports the ten principles of the UN Global Compact with respect to human rights, labor, environment, and anti-corruption. With this communication, Diversey announces our intent to contribute towards progress on the Sustainable Development Goals through our operations, partnerships, and collaboration with customers.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our efforts. Diversey has a long history of integrating sustainability into our business practices and making our results transparent to stakeholders. We commit to report on progress within one year of joining the Global Compact and annually thereafter according to the COP policy. Diversey's COP will include a statement on our support, description of the actions we are taking, and measures of success.

Headquartered in Charlotte, North Carolina, USA, Diversey employs approximately 9,000 people globally, generating net sales of approximately \$2.7 billion.
