Dear Mr. Secretary-General,

I am pleased to confirm that *EventBank* supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption. With this communication, we express our intent to implement those principles. We are committed to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. *EventBank* has already made a clear statement of this commitment to our stakeholders and the general public and we also continue supporting organizations pursuing the Ten Principles.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress within *one year* of joining the UN Global Compact, and *annually* thereafter according to the UN Global Compact COP policy. This includes:

- A statement signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is *separate* from our initial letter of commitment to join the UN Global Compact.
- A description of practical actions (i.e., disclosure of any relevant policies, procedures, activities) that the company has taken (or plans to undertake) to implement the UN Global Compact principles in each of the four issue areas (human rights, labour, environment, anti-corruption).
- A measurement of outcomes (i.e., the degree to which targets/performance indicators were met, or other qualitative or quantitative measurements of results).

Sincerely yours,

Mr. Eric L. Schmidt

Dear Sir or Madam,

On November 6, 2018, EventBank has joined UN Global Compact network.

Unfortunately, we have discovered our application was submitted under Singapore, which is not correct as we wanted to register under Indonesia Global Compact Network, an organization we are proudly supporting with our technology.

Thus, we would like to officially request a reassignment under Indonesia Global Compact Network, so we can work with our partner there.

We understand this will create an extra work on your end, and we sincerely apologize for this inconvenience.

Thank you for understanding and for helping us to fix this.

Sincerely,

Eric
