Dear Mr. Secretary General,

I am pleased to confirm that our non-governmental organization Center Against Human Trafficking and Exploitation supports the Ten Principles of United Nations Global Compact with respect to fundamental human rights, labour, environment and anti-corruption. We commit to engage public awareness and encourage society to participate in the development of these Ten Principles. With this statement we commit to make UN Global Compact and its Ten Principles a part of our center's daily operations and engage in broader development of sustainable development goals as much as we can. With this commitment our organization will make a clear statement of our organization's values and integrity in respect of all UN Global Compact values.

Our organization pledge to participate in and engage with the UN Global Compact in the following way(s):

1. Comply with UN Global Compact issued platforms and workstreams.
2. Propose and implement cooperation on greater Human Rights protection and corporate sustainability in Lithuania and elsewhere with our stakeholders and public.
3. Endorse with other UN Global Compact members on their efforts to implement the ten principles of UN Global Compact in their activities and to others.
4. Engage in activities proposed by the initiative.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Ms. Kristina Mišiniene

Director of the Center
