Dear Mr. Secretary General,

I am pleased to confirm that IC İbrahim Çeçen Foundation supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way :

The primary target of founding IC Foundation is to carry on projects in the fields of education, health, culture, sports, women and disabled people which will fulfill its mission and meet our people's needs.

Since 1984, in every regions and provinces of Turkey, gratuitous education scholarships have been provided for approximately 10,000 university students and as a result of this, IC Foundation has been entitled to take its place among the leading and prestigious foundations in Turkey.

The projects performed in the Eastern Anatolia region, which is accepted as one of the less developed regions of Turkey and depending on this, having many problems within the scope of education, health and women, have greatly contributed to the socio-cultural needs of the region.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within *two years* of joining the Global Compact and *every two years* thereafter according to the Global Compact COE policy.

Sincerely yours,

Günseli ÇEÇEN
