Dear Mr. Secretary-General,

Grönwoldt & Partner is a CR and sustainability management consulting company located in Hamburg (Germany). I am pleased to confirm that, as of today, Grönwoldt & Partner is officially supporting the ten principles of the Global Compact with respect to human rights, labour, environment and anti-corruption. We will be disseminating and promoting these principles among our workforce and our wider sphere of influence with the same fervour and conviction as our corporate mission statement.

In our day-to-day operations and our corporate culture as well as in our areas of influence we are committed to supporting the Global Compact and its principles and to engaging in collaborative projects in support of the United Nations' Sustainable Development Goals. Grönwoldt & Partner will soon be making a clear statement of this commitment to all concerned stakeholders and the general public.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that details our company's efforts to implement the ten principles. We undertake to submit our COP within one year of joining the Global Compact and annually thereafter in accordance with the UN Global Compact COP policy.

Sincerely yours

Managing Director
