Dear Mr. Secretary General,

I am pleased to confirm that **Youth for Human Rights India** supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption to stimulate eco-cultural travel, trade and tourism locally and globally.

With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our members and the general public.

We also pledge to participate in and engage with the UN Global Compact to support and participate with the Global Compact Business for Peace Area Networks to build a Worldwide Community Resiliency Network that "leaves no one behind" pursuant to the Sustainable Development Goals and Sendai Declaration on Disaster Risk Reduction in this International Decade for Peoples of African Descent as to the African Union Agenda 2063 in this decade of Sustainable Energy For All, which includes under-privileged members of my own country in particular as well.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement(COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years after joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Thanking you and assuring you of my best services for humanity always.

Most Respectfully,

**Dr. Arjumand Zaidi**  
National President
