Dear H.E. Antonio Gueterres,

LETTER OF COMMITMENT

I, Tunde Oladugbagbe, the Chairman of the Nigeria's Christian and Muslim Inter-religious Peace Foundation, on behalf of our members confirm our commitment, and declare our support towards the ten principles of the UN Global Compact with respect to human rights, labour, environment and anti-corruption.

With this commitment, we express our intent to support the Global Compact advancing these principles and will make a clear statement of this commitment to our stakeholders, and the general public. We understand that without clear path towards achieving sustainable development, our goal towards making our co-existence better could be far-fetched. We also pledge to participate in and engage with the UN Global Compact in the following way(s):

- Propose and implement partnerships on corporate and societal sustainability.
- Engage with the Global Compact local, regional and continental network.
- Collaborate with the UN Global Compact business participants towards implementation of its core values, ethics, compliance and best practices.

We recognize that a key requirement for continuous membership is the participation in the Global Compact's submission on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Looking forward to collaborating with the Global Compact.

Sincerely yours
