Dear Mr. Secretary General,

I am pleased to confirm that the CICS ONLUS ONG supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s):  
Creation of a network of professional service exchanges aimed at solving the needs of individuals, families and businesses. To promote and manage cultural, tourist and commercial exchanges. We are very attentive to vocational and linguistic training, especially foreigners in Italy and Italians who want to work in third countries with volunteering; our organization is: Civil Society Organizations/Non-Governmental Organizations.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within *two years* of joining the Global Compact and *every two years* thereafter according to the Global Compact COE policy.

Sincerely yours,
