Dear Mr. Secretary General,

I am pleased to confirm that NGO "Ukrainian public council" supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s): our organization will cooperate with the UN in the areas of human rights protection. We want to work with local parties to create joint projects. Our main goal is to prepare young leaders of society to participate in governance at the state and local levels. We organize training in the representation of public interests, participation in election campaigns. We also assist in addressing social, economic and legal issues at the local level. In accordance with the basic principles of the UN, we strive to build a civil society and a democratic state in Ukraine based on the rule of law.

We recognize that a key requirement for participation in the Global Compact is the submission of a

Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within *two years* of joining the Global Compact and *every two years* thereafter according to the Global Compact COE policy.

Sincerely yours,

Yulia Kapran,
President of NGO "Ukrainian public council"
