Dear Mr. Secretary-General,

I am pleased to confirm that Government to You, an international non-profit, non-governmental organization working to increase transparency and civic participation through the development of Information and Communication Technologies (ICT) supports the ten principles of the UNGlobal Compact with respect to human rights, labour, environment, and anti-corruption.

With this commitment, we express our intent to advance these principles within our sphere of influence, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to take part in the activities of the UN Global Compact where appropriate and feasible – through, for instance, participation in Country/Local Networks; involvement in specialized initiatives and workstreams; engagement in partnership projects with our corporate partners; and reviewing and providing commentary to participating companies on their Communications on Progress.

Sincerely yours,
