Dear Mr. Secretary-General,

I am pleased to confirm that Eutelsat supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption. Through this letter, we confirm our intention of abiding to those principles. We believe it is key to make the UN Global Compact and its principles an integral part of Eutelsat's culture, strategy and operations, and to participate in projects which take the United Nation's development goals, especially the Sustainable Development Goals, further. Eutelsat will make a clear statement of this commitment to our stakeholders and the general public.

We acknowledge that a key requirement for our participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the Ten Principles. We believe in public accountability and commit to reporting on progress within one year of joining the UN Global Compact, and annually thereafter according to the UN Global Compact COP policy. This includes:

- A statement signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UN Global Compact.
- A description of practical actions (i.e., disclosure of any relevant policies, procedures, activities) that the company has taken (or plans to undertake) to implement the UN Global Compact principles in each of the four issue areas (human rights, labour, environment, anti-corruption).
- A measurement of outcomes (i.e., the degree to which targets/performance indicators were met, or other qualitative or quantitative measurements of results).

Sincerely,

Rodolphe Belmer
