Dear Mr. Secretary-General,

I am pleased to confirm that Quality Council of India supports the ten principles of the UN Global Compact with respect to human rights, labour, environment and anti-corruption. With this commitment, we express our intent to support the UNGC in advancing these principles and we shall make a clear statement of this commitment to our partners, stakeholders and general public.

We also pledge to participate and engage with the UN Global Compact in the following ways:

- Implement the UN Global Compact's Ten Principles through our strategy and operations.
- Encourage our stakeholders to participate in the UN Global Compact activities and initiatives.
- Support specific activities of the UNGC.
- Host UN Global Compact events.

We are committed to making the Global Compact and its principles part of the strategy, culture and day-to-day operations of our organization and to engaging in collaborative projects that advance the broader development goals of the United Nations, particularly the Sustainable Development Goals.

We recognize that a key requirement for participation in the Global Compact is the submission of Communication on Engagement that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Thank you.

Sincerely,

Dr. R.P. Singh
Secretary-General
