Dear Mr. Secretary General,

I am pleased to confirm that Milaan Foundation supports the ten principles of the UN Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles and will make a clear statement of this commitment to stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s): Locally engage with businesses in the private sector and other NGOs who are also committed to the United Nations Global Compact to advance the United Nations Sustainable Development Goals 2030. We are especially committed to UN SDG goals 4 and 5. As we are scaling up the United Nations will help us further develop, maintain, and scale our program. Overall, we believe being part of the UN Global Compact will help advance our mission to build a movement of girls with a girl leader in every block of India.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours.
