Dear Mr. H.E Antonio Guterres,

I am pleased to confirm that The Good Samaritan Foundation supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We pledge to participate in and engage with UN Global Compact in the following ways: Empowering women's gender equality, Campaigning against corruption in all its forms, including extortion and bribery, supporting human rights and advocating for peaceful societies on local and global levels, empowering people living in poverty through zero hunger initiative, elimination of child labour and acting for children rights & education.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Yours sincerely,
