Dear Mr. Secretary General,

I am pleased to confirm that Hugh O'Brian Youth Leadership (HOBY) supports the ten principles of the UN Global Compact with respect to human rights, labour, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact by partnering and supporting UN Global Compact business participants as they implement and report on their sustainability efforts. HOBY will be adding an introduction and explanation of the UN Sustainability Goals into our youth leadership curriculum, which is delivered to over 11,000 students annually. We will also be revamping our Leadership for Service program, which has been operational since 1998, and re-organizing our numerous service projects to focus on the Sustainability Goals.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Javier La Fianza  
CEO
