Dear Mr. Secretary General,

I am pleased to confirm that Nordic Entertainment Group AB (NENT Group AB) supports the ten principles of the United Nations Global Compact with respect to human rights, labour, environment and anti-corruption.

With this communication, we express our intent to advance those principles within our sphere of influence. We are committed to making the UN Global Compact's principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader goals of the United Nations, particularly the Sustainable Development Goals (SDGs). NENT Group will make a clear statement of this commitment to our stakeholders and the general public.

We recognise that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the Global Compact, and annually thereafter according to the Global Compact COP Policy.

Stockholm, 3 May 2019

Anders Jensen

President and CEO, NENT Group AB
