Dear Mr. Secretary General,

Letter of Commitment

I am pleased to confirm that **ZAMOREX Optimum Services** supports the ten principles of the Global Compact with respect to good-life, human rights, labor, environment and anti-corruption. With this communication, we express our intent to advance those principles within our sphere of influence.

We are committed to making the Global Compact and its principles part of the strategy, culture and day-to-day operations of our organization, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals.

ZAMOREX Optimum Services will make a clear statement of this commitment to our stakeholders and the general public. We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our organization's efforts to implement the ten principles.

We support public accountability and transparency, and therefore commit to report on progress within one year of joining the Global Compact, and annually thereafter according to the Global Compact COP policy. This includes:

- We are committed to support the UN good-life goal as we renew our ongoing commitment to the initiative and its principles.
- We have started “The Black African Apple Project” with a unique policies, procedures, and activities that the organization has taken to implement the Global Compact principles in each of the five issue areas (good-life, human rights, labor, and environment, anti-corruption).
- A measurement of outcomes (i.e., the degree to which targets/performance indicators were met, or other qualitative or quantitative measurements of results).

Yours Sincerely,
