Dear Mr. Secretary-General,

I am pleased to confirm that Ilhasoft supports the ten principles of the Global Compact with respect to human rights, labour, environment and anti-corruption.

We hereby express our intent to advance those principles within our sphere of influence. As proud partners of several UN agencies and funds maintaining and developing custom solutions for the advancement of the Sustainable Development Goals (SDGs), we are committed to the Global Compact and its principles. These are now a formal and important part of the strategy, culture and day-to-day operations of our company as we continuously engage in collaborative projects which advance the broader development goals of the United Nations, particularly the SDGs. Ilhasoft will proudly make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the UN Global Compact, and annually thereafter according to the UN Global Compact COP policy. This includes:

- A statement signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UN Global Compact.
- A description of practical actions (i.e., disclosure of any relevant policies, procedures, activities) that the company has taken (or plans to undertake) to implement the UN Global Compact principles in each of the four issue areas (human rights, labour, environment, anti-corruption).
- A measurement of outcomes (i.e., the degree to which targets/performance indicators were met, or other qualitative or quantitative measurements of results).

Sincerely yours,

Leandro Rodrigo Felizardo Neves  
CEO Ilhasoft
