Dear Mr. Secretary General

I am pleased to confirm that **ChildHope UK** supports the ten principles of the UN Global Compact with respect to human rights, labour, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s): We will work closely with non-governmental organisations, small, medium and large businesses and governments in Asia, Africa and the UK. We aim to influence safer living and working environments for children and young people in some of the poorest neighbourhoods, particularly those at risk of abuse and exploitation in formal and non-formal working contexts. We will build evidence and share learning at local, national and international levels, to influence positive change for highly marginalised children and young people.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organisation's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Jill Healey

Executive Director, ChildHope UK
