

Creating value for business and society

May 30, 2019

H.E. António Guterres Secretary-General
United Nations
New York, NY 10017 USA

Dear Mr. Secretary General,

I am pleased to confirm that the World Environment Center supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact. The World Environment Center's chief purpose is worldwide enhancement or strengthening of sustainable development through the business operations of member companies and in partnership with governments, non-governmental organizations, universities or other stakeholders. Our work aligns well with the UN Global Compact we will promote and/or undertake the sharing of information, experience and skills, and the development of programs and strategic initiatives on a global basis by:

- bringing together governments, including legislators, regulators, administrators, officials of international agencies and organizations, the private sector, non-governmental organizations, universities and other stakeholders in conferences, seminars, meetings, workshops, field programs or other on-the-ground projects and other forums;
- providing technical, educational, project management and other services to industry, governments or others worldwide to achieve concrete business and societal value; and
- researching, writing, editing and publishing training materials, manuals, directories, newsletters, videos, CDs and any other type of publication, in any media, that may serve to advance its stated purposes.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

A handwritten signature in black ink that reads 'Lori Michelin'. The signature is written in a cursive, flowing style.
